

KordaMentha graduate careers

Because tomorrow's  
business problems  
require today's  
brightest minds.

**KordaMentha**

# Seeking today's brightest minds

At KordaMentha, we're known for coming up with bold new ways to help clients solve their most complex commercial problems. However, as the world continues to change, so too will the nature and complexity of the problems our clients face.

Technology and the internet will continue to change the world. Business models will be disrupted. Financial markets and the demand for resources, materials and labour will fluctuate.

While it is impossible to know what is around the corner, one thing is certain – we will need bright minds with fresh perspectives to help us solve the challenging business problems of tomorrow. And that's where YOU come in.

## Meet Aisyah

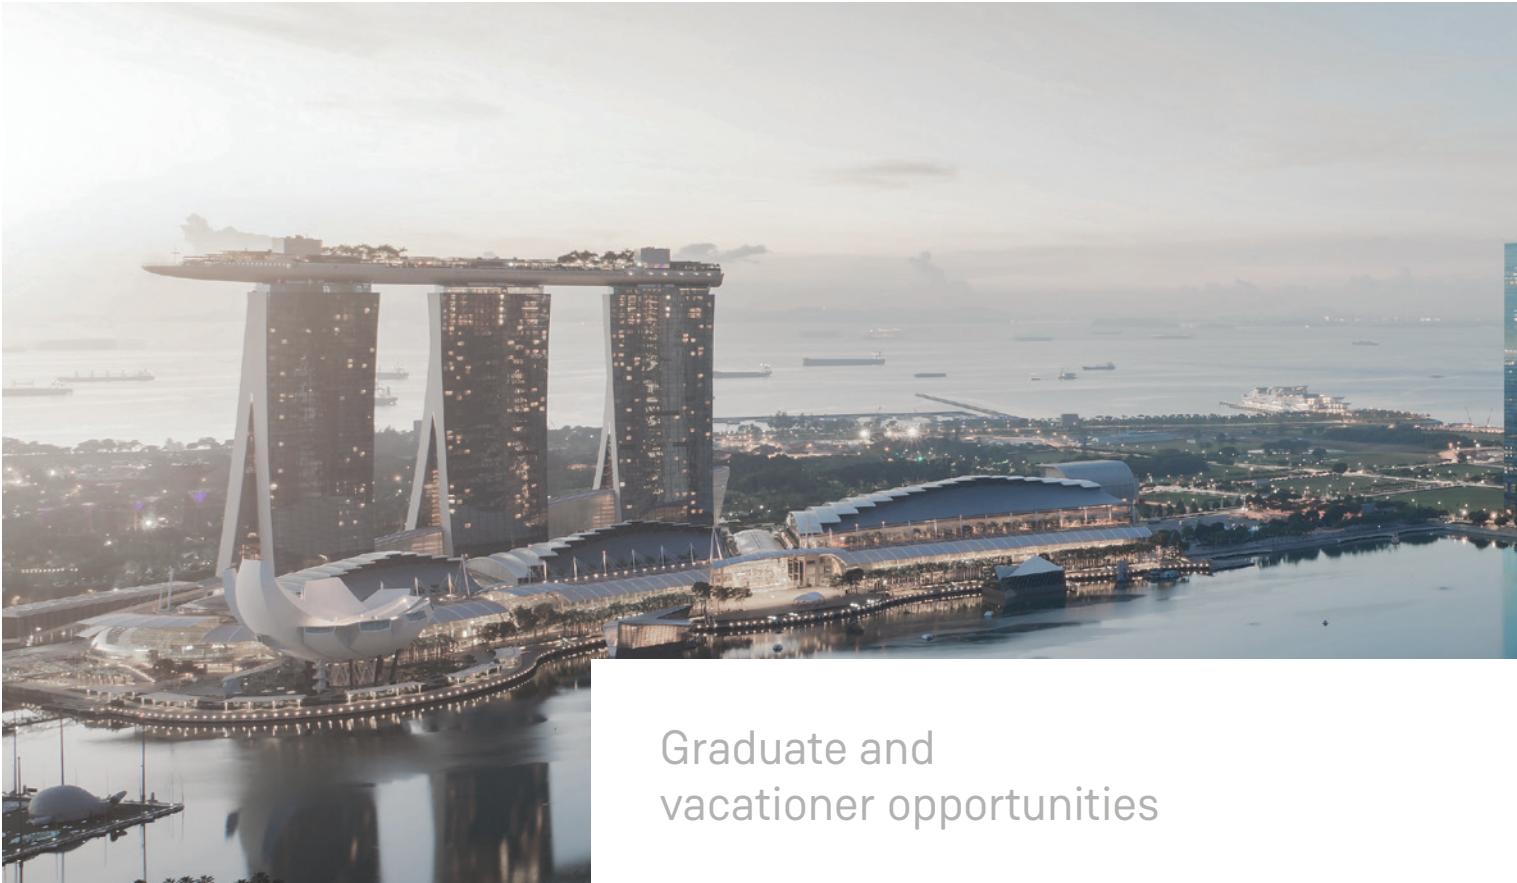

### One of our bright minds

Aisyah started her career as a graduate in our Singapore office.

When she is not busy at work, she is volunteering with Yayasan Mendaki, helping to empower and improve the lives of the underprivileged in the Malay/Muslim community. As recognition for her work with Yayasan Medaki, Aisyah was recently awarded the Bronze Volunteer Award.

At KordaMentha we believe in making a positive difference and support a range of charity and community initiatives, while also supporting our people's passions to make a positive difference in their communities.

## Graduate and vacationer opportunities

Each year, we recruit a select group of switched-on, well-rounded graduates and students in the final year of their degree for our graduate program. We also look for students in their penultimate year for work placements through our vacationer program.

### **Work opportunities**

Graduates and vacationers have the opportunity to work across and develop their skills in the following areas.

## Restructuring

Our restructuring group works with companies in financial distress – to restructure and stabilise the business or to recover value on behalf of stakeholders. Within our restructuring group, you'll work in creative project teams to manage Asia-Pacific's largest and most complex corporate restructures, receiverships, administrations and liquidations.

## Forensic

Our forensic group uncover, analyse and clarify facts at the centre of disputes, investigations and other sensitive matters. They are one of the largest teams of forensic investigators and forensic accountants in Asia-Pacific and are regularly called on to provide evidence in sensitive, high-profile disputes and investigations. Within our forensic group, you'll have the opportunity to be involved in complex, challenging and often high-profile projects involving forensic accounting, investigations and data analytics, and to learn from the sharpest minds in the industry.

## Cyber forensic, digital forensic and forensic discovery

Our cyber forensic, digital forensic and forensic discovery group help to identify, preserve, analyse and present electronic evidence to assist in investigations and disputes. Whether it be personal computers, computer servers or even mobile phones, they identify the facts in a fast, efficient manner. Within this group, you'll work as part of a diverse team and will learn the specialist skills and methodologies to become an expert in digital forensic and forensic discovery.

# Why choose us?

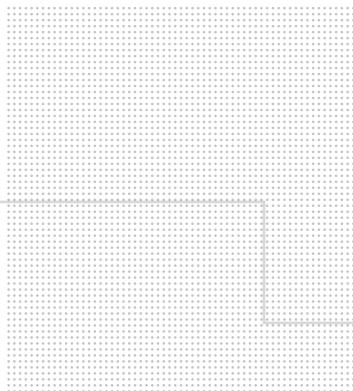

When you join us as a graduate or vacationer, you immediately become part of a unique, creative and entrepreneurial team that work together to solve complex business problems. You'll work in a supportive environment where you're encouraged to ask 'what if...?' and 'why not...?' to find new ways to help clients grow, protect and recover value. And you'll get to work with and learn from a great mix of people with diverse backgrounds while we invest in your study and training.

But it's not all about work. We host regular events and sporting activities, bringing together our close-knit team in a friendly and relaxed environment so you can get to know the people behind the professionals. You'll also be encouraged and supported to make a positive difference in your community through regular charity and industry events.

## As a graduate or vacationer you will:

- receive full support whilst you complete your CA (Restructuring and Forensic Graduates) or other relevant education, including extra study days
- receive ongoing professional development through our in-house business school
- receive career support through personalised mentoring programs and career development plans
- have regular opportunities to network at social and client functions
- work on interesting, varied and rewarding projects alongside bold and creative thinkers
- have opportunities to take part in our health and well-being initiatives
- have access to secondment and travel opportunities.

To see the full list of benefits we offer our graduates and vacationers, go to [kordamentha.com/gradcareers](http://kordamentha.com/gradcareers).

### Meet Alisa

## One of our bright minds

Since starting at KordaMentha as a graduate, Alisa has continued to excel in everything she does.

Whether it be utilising her fluency in Bahasa Indonesia to help our Indonesian clients, working on significant and complex engagements, or completing her CPA Australia qualifications within two years, she has proven to be a consistent performer within the KordaMentha team.

At KordaMentha, we encourage our people to be their best by supporting their personal and professional development through a range of training and development programs throughout their career.

## About us

We're a team of almost 400 specialists across Asia-Pacific with diverse backgrounds – in finance and real estate through to agriculture, law enforcement and the c-suite. Specialists who work together to solve the complex challenges facing corporations, financiers, lawyers, private investors and government.

Since 2008, experts in our Singapore office have been entrusted with many of the region's most sensitive commercial situations. On each occasion, they have responded with a bold, impactful solution that delivers more – more growth, more certainty, more value for all involved.

### A small sample of our work includes:

- Arrium
- Ansett Australia
- BP Singapore
- Network 10
- DBS Bank
- Fitness First
- Leighton Holdings
- NBN Australia
- Oriental Group
- Otto Group
- Parakou Shipping
- Pertamina Energy Services
